Multiple Movement
Lever Movement
Royall Models

From the first numbering machine produced by Thomas Edison more than 100 years ago, Bates has been manufacturing a variety of type styles, numbering and dating models and custom made machines.

Steel wheels and engraved characters provide clean, sharp impressions. Exclusive Bates roller bearings reduce friction and wear. Operating mechanism is inside wheels to protect working parts from dust, dirt, and damage. Made only of the finest materials, the Bates numbering machine provides years of trouble-free usage.
